PROS & CONS

03 WE WERE TREATED LIKE

From the moment we landed we were treated like VIP or celebrities. We took an excursion shopping and they loved us so much they extended our time and came and picked us up again for free the next day.

04 WHEN WE RETURN

We will stay longer and possibly on one of the palms for some beach access and in a much more luxurious hotel.

05 WE FORGOT

To pack more lighter clothes. Linens and scarves. Something to cover up with but not too heavy or hot so we wouldn't sweat so much.

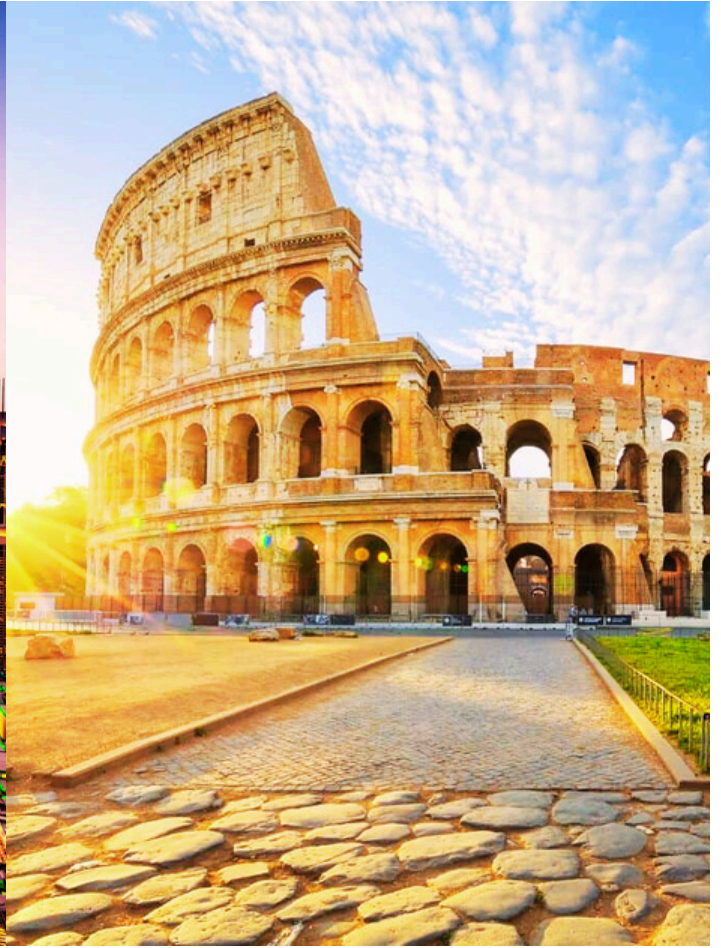

06 WISHED WE DID

I wish we'd went to ride the fastest roller coaster on earth at the Ferarri theme park, or see the fully gold floor of the Burj Al Arab building.

07 WE DIDN'T LIKE

The heat but we managed to get used to it. It was so much to see and do you couldn't complain about the heat.

DUBAI VS ROME?

WRITTEN JAQUAY YOUNG EL

“First, the ladies were to embark on an amazing adventure to the Almasi Coast where they would stay perched high in five star accommodations overlooking the famous port surrounded my majestic hillside. After months of research they decided to take their all girls trip to Rome.

“Rome was bustling with all the vibrant and city life they wanted and they were booked for an amazing stay at a five star boutique hotel smack dab walking distance to all the famous Roman sites. Then...

CHANGE OF PLANS...

...I had an idea. I wanted them to get all the sites and adventure they could take for the same price or lower with spacious accommodations and luxury they just couldn't resist and thats when I suggested they go to Dubai! And that was a wrap. Mrs. Ruby & the girls became ecstatic.” - JaQuay - T.A.

You can get a taxi immediately at your hotel. They will wait for you to shop or do whatever it is that you have planned and you text them 15-30 minutes to let them know you are ready to leave and they will come right back and pick you up. Very Demure.
